

Sawyer, lives with pLGG, and Melissa, her mom.

# EveryDay Support.

FROM DAY ONE

## Your Guide to EveryDay Support From Day One™

Personalized assistance for those who have been prescribed OJEMDA

### INDICATION

#### What is OJEMDA™ (tovorafenib)?

OJEMDA is a prescription medicine used to treat certain types of brain tumors (cancers) called gliomas in patients 6 months and older:

- that is a pediatric low-grade glioma (LGG), **and**
- that has come back after previous treatment or has not responded to previous treatment **and**
- that has a certain type of abnormal “BRAF” gene.

pLGG=pediatric low-grade glioma.

**Please see Important Safety Information on pages 10-11 and accompanying full [Patient Information](#), including Instructions for Use for more information.**

# EveryDay Support From Day One— Designed With Your Child in Mind

## What is EveryDay Support From Day One?

EveryDay Support From Day One works with you and your care team to help with your child's unique needs. We understand that every family faces different challenges when dealing with pLGG. We are here to help your child start and stay on OJEMDA. After you have enrolled, let us help work through the details, so you can focus on your child.

We provide:

### Dedicated Patient Navigators:

Our Patient Navigators work directly with you and your care team to simplify the process of getting OJEMDA. They offer personalized support to address your specific needs ([page 4](#)).

### Coverage support:

We work with your health care provider and health insurance plan to understand your benefits and help obtain coverage ([page 4](#)).

### Financial assistance:

We provide financial assistance programs to help eligible families pay for OJEMDA, including:

- The OJEMDA Copay Program, which can help lower out-of-pocket costs for OJEMDA\* to as little as \$0 per month ([page 6](#))
- The Patient Assistance Program, which may provide free medicine if you don't have health insurance or have limited health insurance coverage for OJEMDA\* ([page 6](#))
- Referrals to independent charitable foundations that may be able to help with other treatment-related costs† ([page 7](#))
- Programs to help if there are coverage interruptions or delays\* ([page 6](#))

### Shipment and medication support:

We work with our specialty pharmacy partners to ship OJEMDA directly to your home address and provide ongoing prescription and refill support ([page 9](#)).

**Note:** OJEMDA cannot be picked up at a local pharmacy or filled by your regular mail-order pharmacy.

Call us at **855-DAY1-BIO/855-329-1246** if you have questions or need assistance.

pLGG=pediatric low-grade glioma.

\*Terms and conditions may apply.

†These organizations have their own eligibility criteria. EveryDay Support From Day One does not influence or control the decisions of these outside organizations.

# Enrolling in EveryDay Support From Day One Is Simple

To receive help from EveryDay Support From Day One, **you must consent to be enrolled in the program.**

Once you and your health care provider select OJEMDA, your health care provider can start your enrollment in EveryDay Support From Day One and you can provide consent to complete the process.

## There are 2 ways to provide consent:

- 1 Provide consent electronically at [www.everydaysupport.com/consent](http://www.everydaysupport.com/consent) or scan the QR code.
- 2 Complete the Patient Authorization section (pages 3-4) of the enrollment form with your child's health care provider.

This can be done by downloading the form at [www.everydaysupport.com/patient/get-started](http://www.everydaysupport.com/patient/get-started) or completing it at your child's health care provider's office.

Once you and your health care provider have completed the form, it can be printed and signed. Your health care provider can then submit it via fax to **855-332-9663** or secure email to [info@everydaysupport.com](mailto:info@everydaysupport.com).

If you would like to enroll and have not been able to meet with your child's health care provider, call us at **855-DAY1-BIO/855-329-1246**. We can walk you through the next steps.

**Note:** If the patient is under the age of 18, a legal guardian must provide consent on behalf of the patient.

After your child is enrolled, your Patient Navigator will call you to talk about next steps within 1-2 business days.

The enrollment form is also available in Spanish. You can download it at [www.everydaysupport.com/patient/get-started](http://www.everydaysupport.com/patient/get-started).

Please see **Important Safety Information on pages 10-11 and accompanying full Patient Information, including Instructions for Use for more information.**

# Your Support Team

Your dedicated team at EveryDay Support From Day One includes your Patient Navigator and the specialty pharmacy. They work together with your child's doctor and care team to make it easier to get the medicine your child needs.

## Patient Navigators

A Patient Navigator will be your main point of contact at EveryDay Support From Day One. They will work closely with your child's health care team and health insurance company to help your child start and stay on treatment.

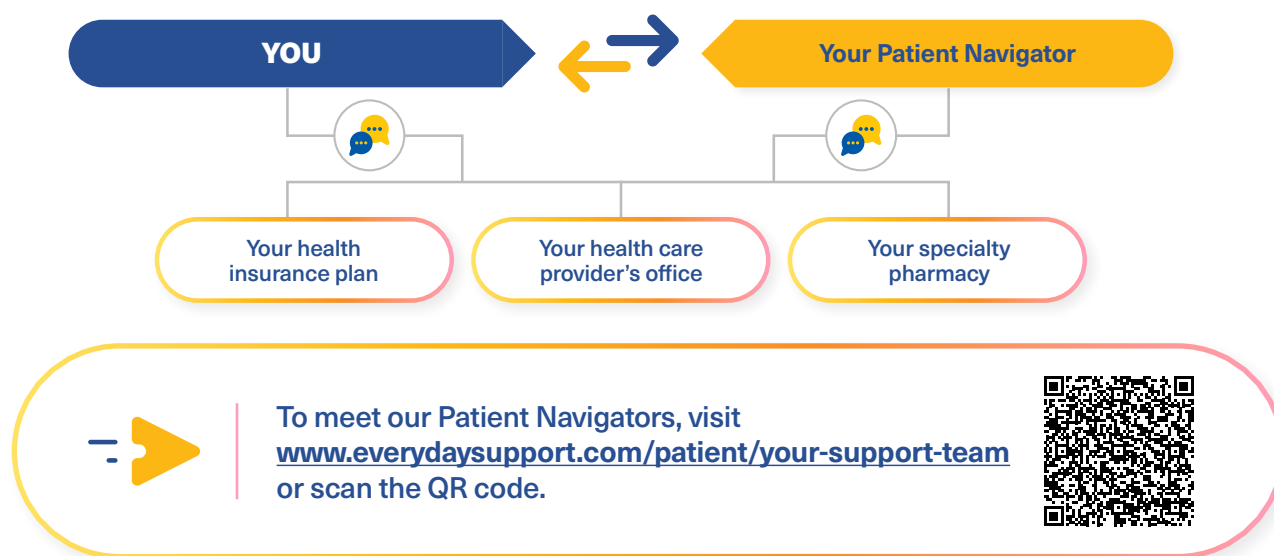

Our Patient Navigators have years of experience working with patients and their families to help them with the health insurance process.

After your child is enrolled in EveryDay Support From Day One, your Patient Navigator will call you to:

- ✓ Review your child's health plan benefits
- ✓ Work with you, your child's doctor, and your health plan to help obtain health insurance coverage
- ✓ Help identify your financial assistance options, if needed
- ✓ Work with our specialty pharmacy partners to get your child's medication shipped to you on an ongoing basis
- ✓ Help you with insurance reauthorization for OJEMDA as needed

## Your Patient Navigator is here to help with your specific needs

We'll take the lead on important conversations, or offer support when you prefer to make the calls yourself. Our Patient Navigator team has extensive expertise in helping patients and their caregivers get the medicine they need.

## Specialty pharmacies

OJEMDA cannot be picked up from your local pharmacy or filled by your regular mail-order pharmacy. Instead, our specialty pharmacy partners will send your child's OJEMDA to your home. They provide important information about the treatment.

They have nurses and pharmacists who are experienced working with children and their families. They can answer your questions and address any concerns you might have about the treatment.

## The specialty pharmacy will offer:

-  Counseling with a pharmacist on how to give your child their medicine
-  Advice on how to prepare, measure, and give a liquid formulation of the medicine, if needed
-  Tips and assistance to manage side effects, if needed\*
-  Call or text reminders to schedule the next shipment
-  Ongoing support as needed

\*Call your care team for medical advice about side effects.

**Important to note:**  
 You may receive a phone call from a number you do not recognize.  
 We recommend you save the phone numbers for your Patient Navigator and specialty pharmacy to your contact list in your phone.

# Financial Assistance From EveryDay Support From Day One

We provide financial assistance programs to help eligible families pay for OJEMDA, including:

## OJEMDA Copay Program

If you have commercial insurance, you may be eligible for the OJEMDA Copay Program. This may reduce your copay, co-insurance, or deductible costs for OJEMDA to as little as \$0 per month.\* There are no income restrictions for the OJEMDA Copay Program.

Once your child is enrolled in EveryDay Support From Day One, your Patient Navigator will contact you to review the eligibility criteria as well as how to use the program.

### Eligibility criteria

#### Patients must:

- ✓ Have a valid prescription for OJEMDA
- ✓ Be commercially insured
- ✓ Reside in the United States or Puerto Rico†

## Patient Assistance Program

Families who don't have health insurance or whose insurance is limited may be able to get OJEMDA for free through EveryDay Support From Day One.

### Eligibility criteria

#### Patients must:

- ✓ Have a valid prescription for OJEMDA
- ✓ Meet certain income criteria
- ✓ Reside in the United States or Puerto Rico†

## QuickStart or Coverage Interruption Programs

If you experience a delay or interruption in your insurance coverage, we have programs to help your child start or continue their treatment.

# Financial Assistance From Independent Organizations

## Referrals to charitable foundations

Along with the financial support programs offered by EveryDay Support From Day One, we can also connect you with charitable foundations that may be able to provide assistance for other treatment-related costs.‡

## Referrals to patient support organizations

Patient support organizations advocate for patients with specific conditions. EveryDay Support From Day One can help connect you to independent organizations that can provide important support and education so that you can make informed decisions about your next steps.

For more information about affordability options and eligibility, reach out to your dedicated Patient Navigator at **855-DAY1-BIO/855-329-1246** from 8 AM–8 PM ET, Monday–Friday.

Once enrolled in EveryDay Support From Day One, your Patient Navigator will talk to you about available financial support options.

†These organizations have their own eligibility criteria. EveryDay Support From Day One does not influence or control the decisions of these outside organizations.

Please see Important Safety Information on pages 10-11 and accompanying full Patient Information, including Instructions for Use for more information.

# We Are Here to Support You Through Every Step of OJEMDA™ (tovorafenib) Treatment

## What to expect

EveryDay Support From Day One can help throughout the process of getting your child's medicine. Here are some key steps you can expect after enrolling in the program:

- 1** Your child's health care provider submits paperwork to the insurance plan. EveryDay Support From Day One can offer advice on what documentation may be required.\*
- 2** The health insurance plan reviews the paperwork and approves or denies coverage. Your Patient Navigator will assess eligibility for QuickStart in the event of an insurance delay.
- 3** If your coverage is denied, your child's health care provider may file an **appeal to get approval**. EveryDay Support From Day One can help confirm payer-specific appeal requirements.
- 4** Once approved, the **specialty pharmacy ships OJEMDA to your home**.
- 5** Your health insurance plan will determine how often your child's prescription must be reapproved. EveryDay Support From Day One can **assist with reauthorizations** as needed.
- 6** Your Patient Navigator will keep track of insurance status updates and **keep you informed throughout the process**.

\*Paperwork required by your health insurance is the responsibility of you and your child's health care provider.

## Working With Specialty Pharmacies

### EveryDay Support From Day One works to streamline the process for getting your child's OJEMDA

One of our specialty pharmacy partners will fill your child's prescription upon approval by your health insurance plan. They will ship OJEMDA directly to your home.

The specialty pharmacy will call to schedule your next shipment of OJEMDA. They will also contact you for continued shipment support, assist you with treatment administration, and provide education related to OJEMDA as needed.

Specialty pharmacies provide support for medicines that treat complex disease states.

They deliver medicines to your home and can provide important education for treatments like OJEMDA. (See [page 5](#) for more information.)

OJEMDA is available through 2 specialty pharmacies:

800-850-4306

877-662-6633

Both specialty pharmacies are available 8 AM to 8 PM ET, Monday through Friday.

#### Important to note:

OJEMDA cannot be picked up at a local pharmacy or filled by your regular mail-order pharmacy.

# Important Safety Information

## INDICATION

### What is OJEMDA™ (tovorafenib)?

OJEMDA is a prescription medicine used to treat certain types of brain tumors (cancers) called gliomas in patients 6 months and older:

- that is a pediatric low-grade glioma (LGG), **and**
- that has come back after previous treatment or has not responded to previous treatment **and**
- that has a certain type of abnormal “BRAF” gene.

## IMPORTANT SAFETY INFORMATION

### Before taking or giving OJEMDA, tell your healthcare provider about all of your or your child's medical conditions, including if you:

- have bleeding, skin, or liver problems
- are pregnant or plan to become pregnant. OJEMDA can harm your unborn baby.

#### Females who are able to become pregnant:

- You should use effective non-hormonal birth control (contraception) during treatment with OJEMDA and for 28 days after your last dose of OJEMDA.

**Males with female partners who are able to become pregnant** should use effective non-hormonal birth control (contraception) during treatment with OJEMDA and for 2 weeks after your last dose of OJEMDA.

- are breastfeeding or plan to breastfeed. Do not breastfeed during treatment and for 2 weeks after your last dose of OJEMDA.

**Tell your healthcare provider about all the medicines you take**, including prescription and over-the-counter medicines, vitamins, and herbal supplements.

### What should I avoid while taking OJEMDA?

Limit the amount of time you spend in sunlight. OJEMDA can make your skin sensitive to the sun (photosensitivity). Use sun protection measures, such as sunscreen, sunglasses and wear protective clothes that cover your skin during your treatment with OJEMDA.

### What are the possible side effects of OJEMDA?

#### OJEMDA may cause serious side effects, including:

- **bleeding problems (hemorrhage)** are common and can also be serious. Tell your healthcare provider if you develop any signs or symptoms of bleeding, including:
  - headache, dizziness or feeling weak
  - coughing up blood or blood clots
  - vomiting blood or your vomit looks like “coffee grounds”
  - red or black stools that look like tar
- **skin reactions, including sensitivity to sunlight (photosensitivity).** OJEMDA can cause skin reactions that can become severe. Tell your healthcare provider if you get new or worsening skin reactions, including:
  - rash
  - bumps or tiny papules
  - acne
  - peeling, redness, or irritation
  - blisters
- **liver problems.** Your healthcare provider will do blood tests to check your liver function before and during treatment with OJEMDA. Tell your healthcare provider right away if you develop any of the following symptoms:
  - yellowing of your skin or your eyes
  - dark or brown (tea-colored) urine
  - nausea or vomiting
  - loss of appetite
  - tiredness
  - bruising
  - bleeding
  - pain in your upper right stomach area
- **slowed growth in children.** Growth will be checked routinely during treatment with OJEMDA.

#### The most common side effects of OJEMDA include:

- rash
- hair color changes
- tiredness
- viral infection
- vomiting
- headache
- fever
- dry skin
- constipation
- nausea
- acne
- upper respiratory tract infection

OJEMDA may cause fertility problems in males and females, which may affect your ability to have children.

These are not all the possible side effects of OJEMDA. Call your healthcare provider for medical advice about side effects. You may report side effects to FDA at 1-800-FDA-1088.

Please see accompanying full [Patient Information](#), including [Instructions for Use](#) for more information.
